

# splash

## Scalable, data-driven event marketing.

Splash provides businesses  
with the tools to:

- **Throw more and better events.** Scale your event program with easy-to-use, flexible templates and powerful integrations that fit right into your existing tech stack.
- **Stay on brand at every touchpoint.** Design custom on-brand, white-labeled event pages and assets that look great on every device.
- **Prove your impact.** Measure your events with real-time custom data dashboards in Splash or in your existing systems.
- **Engage the right people.** With dynamic forms, on-site data collection, and on-brand emails, we make it easy to uncover powerful insights about your prospects and customers.
- **Elevate the on-site experience.** With Splash's Host App, capture attendee data, update guest lists and profiles, and automatically update your on-site team on arrivals.

We're the world's most loved event technology.
