

## Highspot & Marketo ToutApp Setup Guide

### Step 1

The Highspot Marketo ToutApp integration places the power of content in the hands of your sales reps. Enable this integration by navigating to the admin section of Marketo ToutApp and selecting Content Partners from the Admin Settings section.

### Step 2

Next, select the checkbox next to Highspot and click save.

## Content Partners

### Connect content partners for all users

Highspot

Once this is enabled, your users will be able to select content directly from Highspot to be included in your sales emails.
