

INTEGRATE **QUICKBOOKS** WITH MARKETO

Connect Bridge QuickBooks- Marketo connector lets you fast and easily connect **QuickBooks** and Marketo. Eliminate manual data entry and automate the processes. The synchronization is **live and bi-directional**. If you are using a CRM, ERP, CMS, DMS, Apps and email on top of QuickBooks and Marketo, you can connect them in a single integration.

With Connect Bridge you can visualize the entire data model of Marketo, allowing you to adapt the QuickBooks- Marketo integration to your company's specific needs.

- **Automize the processes**
- **Turn more leads into sales**
- **Evaluate ROI for each marketing activity**
- **Estimate future revenues**
